Cover Features

This summary does not contain full details and conditions of your insurance – these are located in your policy wordings. This insurance is underwritten by China Taiping Insurance (UK) Co. Ltd.

Type of insurance and purpose of the cover

This policy offers two different types of insurance, one is Personal Accident insurance for you when you are studying and residing in the UK, and one is Emergency Medical Cover for when you are travelling to Europe.

To obtain a Schengen visa, it is required by the European Union that you have insurance for the costs of repatriation and emergency medical expenses worth at least €30,000.

Our Schengen Medical Insurance policy is designed to give you enough cover to obtain a Schengen visa and covers you for any emergency accidental bodily injury or illness as defined in the policy wording.

The insurance certificate must be presented at the time of delivery of the visa.

Please refer to your certificate validation document for your selected level of cover.

Eligibility

This policy is not available to anyone aged under 18 or over 65 years old.

If you reach the age of 65 during the period of insurance, the cover will continue until the next renewal date but not thereafter.

To be eligible for this policy you must have a valid student visa for the United Kingdom which allows you to reside in the United Kingdom for a continuous period of at least six months and be eligible to obtain a valid registration with a United Kingdom National Health Service doctor.

Conditions

It is essential that you refer to the important conditions relating to information provision in the policy wording as failure to comply with these conditions may jeopardise your claim or cover.

It is important that you notify us of any pre-existing conditions (as defined in the policy) that you may have before you take this cover out, any changes in your occupation, bodily powers, leisure pursuits or state of health not already notified to us (please see below contact details to notify us of any changes).

It is imperative that you notify us or our Emergency Assistance Service or an accidental bodily injury immediately when an accident occurs and before agreeing to any treatment or repatriation arrangements. Any medical services or repatriation arrangements refused by you or agreed by you without our prior approval will not be subject to indemnity or reimbursement, and you must not negotiate with a third party nor incur expenses without our prior written consent.
