Fire

Smoke Detectors save lives. Protect your home and family by installing a detector which senses the smoke from developing fires and sounds a loud warning alarm.

Protect open fires and heaters with guards especially if young children are about or if you are airing clothes.

Ensure that any oil heaters you buy comply with the current British Standard.

Have your chimneys swept regularly if you use open fires.

Ensure you comply with maker's instructions if you use electric blankets.

Do not leave a pan of fat unattended on the cooker; if it catches fire do not use water - smother it with a fire blanket or a damp cloth.

Do not let children play with matches or fire.

Check electrical plugs and leads regularly and do not overload electrical circuits.

Burst Pipes

Protect all exposed water pipes with proper lagging.

If a pipe freezes despite precautions, thaw it out slowly using hot water bottles or cloths soaked in hot water.

Blow-lamps can be dangerous in unskilled hands.

Theft

Make sure you have good quality locks fitted to your entrance doors and all accessible windows.

Take advantage of our premium discount.

When you go out, lock all doors and secure all windows. It is a good idea after dark to leave a light on but preferably not the hall light.

Do not leave the keys under the mat or inside the letter box or anywhere they can be easily found.

Do not keep large sums of money at home.

Do not leave valuable property in unattended vehicles.

Photographs of valuables or copies of valuations are helpful in the event of theft or loss.

Unoccupancy
